Why Teaching?

I always wanted to be a teacher. I somehow knew this from very early on in my life. I love working with children and helping them to reach their potential. I feel ecstatic to see a child's face light up with joy when they finally understand something they didn't understand before. The best feeling is when children say: 'I get it now, Miss!'. I feel teaching is the most rewarding profession in the world.

Advice for My Students:

Think big, work hard and the dream will come true.

Favourite Proverb:

Don't judge a book by its cover.

Person Living or Dead I Would MOST Like to Meet and Why:

I would most like to meet the famous author and screenwriter J.K. Rowling, who has inspired a generation of children with her amazing creativity and passion for story writing.
