

Name: Miss. S. Sanghera

Class: 3A

Why Teaching?

I love helping young learners discover their potential! As a teacher, the best feeling is when a child finally understands something that they were unsure about before. Helping pupils cultivate a love for learning truly brings a smile to my face!

Advice for My Students:

Mistakes are meant to be made. Don't avoid making them, learn from them.

Favourite Proverb:

Wonder is the beginning of wisdom - Socrates

Person Living or Dead I Would Like to Meet and Why:

As one of the greatest scientists in the world, Albert Einstein was unapologetic in his individuality and embraced his differences. I would like to meet him because he is truly representational of one who is intellectually committed to scientific discoveries that shaped our understanding of the universe whilst advocating self-acceptance.
