Or contact our PR  
Manager Sarah  
Millington on  
01773 857514 or  
[sarah.millington@  
bandk.co.uk](mailto:sarah.millington@bandk.co.uk).

Welcome to the latest newsletter from Bowmer + Kirkland regarding the refurbishment of Seva School in Coventry.

## Project Information

The new Diwan Prayer Hall façade is finished with the insulated render now completed. The extension and refurbishment work to the Link House are still ongoing.

Internally the plasterboard partitioning is nearing completion along with the replacement glazing and curtain walling.

Doors and joinery are being installed, walls are being painted and flooring is being laid. The first fix electrical and plumbing is completed with the second fix well under way.

Next month will see the final painting begin and the installation of the fixed furniture. Externally, formation of the new footpath has started and will be progressed further over the next month.

We thank you for your patience and cooperation during the construction period and aim to keep all disruption to a minimum.

If you have any questions or comments please contact the project manager below. Alternatively, send us a comment about this site, scan the QR code (right) and send us your message or Text (including the site ID number 66665) to 07400 334 880

## Considerate Constructors Scheme Code of Practice

**CONTRACTOR  
AND SUPPLIER  
PARTNER**

**CONSIDERATE  
CONSTRUCTORS  
SCHEME**

Organisations registered with the Considerate Constructors Scheme make a commitment to conform to the Code of Considerate Practice.

Through consideration to community engagement, the environment and workforce wellbeing they strive to improve the impact of the construction industry and leave a positive legacy through the implementation of best practice.

The Code of Considerate Practice defines the fundamental expectations for registration with the Scheme. The Code applies equally to all organisations registered with the Scheme, regardless of size, type or location.

### Respecting the Community

Constructors must manage their impact on their neighbours and the public to support a positive experience, by:

- Ensuring courteous and respectful language and appropriate behaviour in and around the construction activity.
- Providing a safer environment, preventing unnecessary disturbance, and reducing nuisance for the community from their activities.
- Proactively maintaining effective engagement with the community to deliver meaningful positive impacts.

### Care for the Environment

Constructors must minimise their impact and enhance the natural environment, by:

- Prioritising environmental issues to protect the natural environment and minimising negative impacts.
- Optimising the use of resources, including minimising carbon throughout the value chain.
- Engaging with the community to improve the local environment in a meaningful way.

### Value their Workforce

Constructors must create a supportive, inclusive, and healthy workplace, by:

- Actively encouraging and supporting an inclusive and diverse workplace.
- Proactively supporting safe working, mental and physical wellbeing at work.
- Providing workplaces that are, well maintained, clean and secure from physical and biological hazards.
