

Wednesday 14<sup>th</sup> December 2022

Dear Parent/Carers,

As we come to the end of a busy first term of year 11, I would like to commend the students on their behaviour and attitudes towards their recent mock examinations. You will receive a copy of the results in a report sent home on Monday 9<sup>th</sup> January 2023. On Wednesday 11<sup>th</sup> January 2023, you will have the opportunity to discuss the mock test results, along with your child's current progress, during a parent's evening. A link has been sent out to you as a text message, so that you can book an appointment. If you need any assistance with booking appointments, please contact [c.mcdermott@seva.coventry.sch.uk](mailto:c.mcdermott@seva.coventry.sch.uk).

Students will need to spend some time over the holidays to relax and have some rest. However, homework has also been set by class teachers for them to complete. Information about this can be found in your child's school planner. We strongly recommend students spend time revising during the holidays. We have done some study skills assemblies with them on how to effectively revise. Please find attached to this letter a PowerPoint for parents on how they can best help their child to revise.

As well as using their class books, textbooks and revision guides, students have also been subscribed to GCSE pod. All students have a log in for the website which can be accessed following this link [www.gcsepod.com](http://www.gcsepod.com). This is a very useful resource which has all our GCSE courses and exam specifications with short videos for revision along with exam style questions and quizzes which self-mark for instant feedback.

There will be another set of internal mock examinations for year 11 during the week beginning Monday 6<sup>th</sup> February. Students will be given individual timetables closer to the time.

Thank you for your support in helping your child achieve their full potential during this vital year of their education. If you have any queries regarding year 11 or the GCSE examinations do not hesitate to contact me on [t.singh@seva.coventry.sch.uk](mailto:t.singh@seva.coventry.sch.uk).

Yours sincerely,

*T.Singh*

Mr T Singh
