**Name: Miss M. Verdi**

Class: 3A

Why Teaching?

I always knew I would become a teacher. It was intuition. I remember how my teachers helped me, especially my Maths and Science teachers. They inspired my passion to learn and discuss these subjects with others. Due to them, I noticed how I too loved talking with and supporting others, so I decided to follow their footsteps into teaching. While at my school placements, I emphasised my desire to make a difference to the students, therefore I became the teacher you see in front of you now. I truly led my students in the 21<sup>st</sup> century focusing on Science, Technology, Engineering and Maths. All my students' matter!

Advice for My Students:

If you fail, never give up because F.A.I.L means "First Attempt In Learning!" End is not the end. In fact, E.N.D means "Effort Never Dies." If you get No as an answer, remember NO means "Next Opportunity" Always think positive!

Favourite Proverb:

The important thing is to never stop questioning – Albert Einstein.

Person Living or Dead I Would MOST Like to Meet and Why:

I would most like to meet Isaac Newton. He was a Mathematician and Scientist who changed the world with his great contributions in these fields. He was an Englishman better known for discovering the Law of Gravitation and the Laws of Motion, but he had equally discovered Maths' theories.

Why Teaching?

When I was at school, I loved it and the excitement of being in a classroom never faded for me. Every day is a chance to make a big change or learn a new skill.

Advice For My Students:

If at first you don't succeed. Try, try and try again. It is so easy to give up, but if you try again and succeed, well that feeling is elevating. There is no better feeling and no bigger smile.

Favourite Proverb:

Those who don't believe in magic will never find it. Roald Dhal.

Person Living or Dead I Would Like to Meet and Why:

Rosa Park. She fought for what she believed in, she showed courage and strength. She wasn't afraid to 'do the right thing'. She was the voice and symbol of courage in the civil rights movement.
