Dear Parent/Carer

RE: Review of Temporary Change to Traffic Management Plan

We would like to thank the majority of parents/carers who have been incredibly supportive of the temporary change to traffic management plan shared by me and the Trust last term. This is a short-term plan to support the expansion and refurbishment of our buildings to provide the best facilities for our children in the very near future.

The morning drop off system is working well and further to feedback and observations of parking during pick up times, there are now cones to prevent parking along the Eden Road outside DENSO and along Eden Road. This is a result of receiving many concerns raised by staff at DENSO. They have also contacted council traffic management with the images. The images sent by them include cars parked in the entrance to their building obstructing their workers from being able to enter and exit the site safely and potentially causing accidents. I am sure you will all agree that this is not acceptable especially as there is ample parking along North View that is not being used.

Mrs. J. Kaur, our Administration and Operations Manager, has also held meetings with local councillors to push forward the opening of the discontinued bus stop; reinstating the zig zag lines to secure parking for the coaches on Eden Road and the potential of a pedestrian crossing at our end of the Walsgrave roundabout dual carriageway. This process will involve traffic surveys to be conducted at impromptu times, so please be aware to follow the temporary traffic management guidance with care and with due regard to the health and safety of everyone and especially our children. Thank you for your support and consideration. Vaheguru Ji Ka Khalsa, Vaheguru Ji Ke Fateh.

Yours sincerely,
S. Sanghera
